

# WHY AMNESIA

## Female-Fronted Jack-Rock from Germany

Step aside, this is WHY AMNESIA!

With their black leather jackets, denim vests and dark retro sunglasses those dudes look like a biker gang, and their music is the perfect soundtrack for a ride on dusty roads. Fast-paced drum rhythms, powerful guitar riffs und a female voice that easily switches from whiskey to balladic tones to turn up the heat ...

Following STEREO (2012) and GODIVA (2015), JACKS´N´HEARTS is WHY AMNESIA´s third studio album released in late 2018, putting them in the Top 30 Metal-Rock-Charts on mix1.de for ten weeks, peaking at No. 9 and in amongst well known national and international bands such as Mötley Crüe, Whitesnake or Bring Me The Horizon.

In 2020, JACKS´N´HEARTS was rereleased containing two bonus tracks and the single „The Promise“.

There are no rehearsals in life ... and WHY AMNESIA love to enter the stage without a safety net. Their live shows just have more intensity than recorded music. This is not the music for a slow Sunday drive. This is the music you´ll want to listen to when you´re putting on your leathers and tearing up the road on two wheels.
